

Virginia Department of Fire Programs

Funded, Non-Funded, Partially Funded, Regional, and Reimbursable Schools for the Remainder of Fiscal Year 2019

This document has been developed based on the training planned for the remainder of the 2019 Fiscal Year (through June 30, 2019). In addition to this schedule of planned training courses, you will note a second class schedule on the VDFP website. The second class schedule is generated as a result of course requests that are received from departments from across the Commonwealth. Once the course request is approved by the Division Chiefs and minimum enrollment has been met, the school will be posted to FSTRS which generates the second list. Subsequently this is a dynamic list. This document is intended to be used for planning purposes for those trying to schedule to offer, attend and/or teach training programs for the Virginia Department of Fire Programs.

If you are new to the fire service and interested in taking a course, please contact the Division Office in-which the course is located to register for the course and for additional course information.

For additional information on becoming a firefighter please visit the agency website at www.vafire.com/training-and-courses/prospective-students.

If you have a login for the Fire Services Training Record System you can register for the course you wish to take once it is posted to the system and/or view courses by going to the Fire Service Record System at <https://fstrs.virginia.gov>.

Funded Training Programs are generally posted to the training system 60-90 days prior to the start date of the course. The program comes off the website when it has reached its maximum enrollment or is within ten days from the start date.

VDFP coordinates and delivers fire emergency services education and training programs for the fire and emergency response community, public, law enforcement and industry for the purpose of protecting and defending the commonwealth against the loss of life and property. VDFP offers training programs across Virginia through our Division Offices. If you are unsure of what Division you need call 804-249-1987.

Virginia Department of Fire Programs

Training Calendar for Remainder of Fiscal Year 2019

The Virginia Department of Fire Programs offers and/or partners with jurisdictions to provide funded, non-funded, partially funded, reimbursable and regional schools throughout the Commonwealth of Virginia.

Funded Schools – Training programs that are authorized, offered by the official Virginia Department of Fire Programs, and are financially supported using Fire Programs Funds.

Non-Funded Schools – Training programs that are approved by the Virginia Department of Fire Programs, conducted by authorized VDFP Instructors or authorized formal training divisions, and for certification where no VDFP funds are used.

Partially Funded Schools – Training programs that are approved by VDFP, conducted by authorized VDFP Instructors, and are partially funded using VDFP allocated training funds for testing, compliance, or other financial commitments as defined by VDFP.

Regional Schools – Regional Schools: Regional schools are hosted through a partnership between VDFP and a local host jurisdiction. Typically, VDFP funded and non-funded certification and/or attendance classes are provided over a two day or longer period. There may also be other certification or attendance classes offered by the host department during these schools.

Reimbursable Schools – Training programs that are approved by VDFP, conducted by authorized VDFP Instructors, and are financially supported by VDFP. A letter of intent for reimbursement from the sponsoring locality must be submitted prior to course approval. A quote for training expenses shall be provided to the locality/department and complete reimbursement is required from the sponsoring locality at the conclusion of the training event.
