VA FIRE CORPS

Who:

Fire Corps

“Citizens Helping Fire and EMS in Virginia”

What:

The Virginia Department of Fire Programs is sponsoring a one-day informational workshop to educate Virginia fire and EMS departments about the Fire Corps Program. The workshop will explore how Virginia’s fire service can become better prepared by utilizing citizen volunteers in non-emergency roles. In addition, the workshop will connect attendees to valuable tools and resources that will assist them in starting, maintaining, and cultivating their very own Fire Corps Program.

When:

November 16, 2007
9:30 a.m. - 2:30 p.m.

Lunch provided

Where:

Virginia Department of Fire Programs
1005 Technology Park Drive
Glen Allen, Virginia 23059

Why You Should Attend:

- Lack volunteer support? Learn what Fire Corps can do for your department.
- Are your CERT volunteers all trained with nothing to do? Learn how Fire Corps can enhance your CERT program.

- Need funding? Learn about Fire Corps funding opportunities.
- They made it work: Hear a Virginia Fire Corps success story.
- Get started! Receive all the materials you need to implement Fire Corps in your community.

Registration:

Please complete in black ink or type.

Note: Hurry, space is limited and seats will go fast. Only one representative per department will be considered for the workshop. More information sessions will be held in spring 2008. You may mail the registration form C/o VA Fire Corps to 1005 Technology Drive, Glen Allen, Virginia, 23059, or fax to (804) 371-3444.
