The primary areas of interest for this study include Fire and EMS operations, personnel, training, equipment, future stations, records, purchasing and finance. Please note that the Governing Body, in concert with our Emergency Services Organizations would like to use this study as our guide to the future of emergency services within Amelia County and our Region.

In closing may I take this opportunity to thank you for your understanding and prompt attention to this matter, and if there are any further suggestions, questions or concerns, please contact Mr. Thomas E. Harris, County Administrator (804-561-3039) or Mr. Kent Emerson, Director of the Amelia County Department of Emergency Management, who is tasked with coordinating Amelia County resources in support of this study.
