Candidate Information Bulletin
Commonwealth of Virginia
Pyrotechnic Examinations

Pursuant to §27-97 of the Code of Virginia, the Statewide Fire Prevention Code (SFPC) prohibits any person from designing, setting up, conduction, or supervising the design, setup or conducting of any fireworks display, either inside a building or structure or outdoors, unless that person is certified by the State Fire Marshal's Office (SFMO) as a Pyrotechnician. At least one certified Pyrotechnician is required to be on the site where the fireworks display is being setup and conducted.

The certification examinations conducted by *QuestionMark.com* are acceptable to the SFMO. Your exam will be an on-line proctored exam session at a location of your choosing. You must have a computer with camera to take these exams.

The exams are constructed with all questions based on the guidelines found in **NFPA 1123 (2018) – Aerial** and **NFPA 1126 (2016) – Proximate.**

Schedule an exam:

1. Go to https://ondemand.questionmark.com/home/405142
2. Create a login account
3. Select the exam date, and time
4. Complete the scheduling information
5. Submit the exam payment information
6. Complete the exam
7. Print the exam results and submit with Pyrotechnician license packet
